

CLINE ELEMENTARY SCHOOL COUNSELING PROGRAM MISSION STATEMENT

The mission of the Cline Elementary School Counseling Program is to provide a data-driven comprehensive school counseling program that provides a safe, caring environment in which every student is engaged in successful lifelong learning. The comprehensive school counseling program collaborates with stakeholders such as teachers, administrators, Family Resource Coordinators, parents, caretakers, and other community members to meet students' developmental needs as identified through needs assessments and school report cards, to deliver interventions using evidence-based programs, and to evolve interventions through data analysis of outcomes. As a result, all students will identify individual strengths and developmental needs that they apply to achieve academic, college and career readiness, their personal/social goals, and to become lifelong learners.
