

## Measuring Shapes Menu Planner

Please attach all of your work to this menu planner. Turn everything in by the end of class.

Check In

**Main Course:** Complete both of these activities.

- Practice sheets of counting cubes for volume
- Choose a "Fill It" card to solve.

**Side Dish:** Choose one math game to play.

- Fill-A-Box
- Volume Memory
- Online Volume activity from Illuminations:  
<http://illuminations.nctm.org/Activity.aspx?id=4095>

Don't forget to record your volumes from your game on a piece of paper.

**Dessert:** If time, you may:

- Complete the Exploring Volume activity
- Play another game, or repeat the game you have played

The Prisms I built or worked with today:

# cubes in length	# cubes in width	# cubes in height	# cubes in total (volume)
