

Reader Response Frame: Making Text-to-Text Connections (Comparing *Differences* Between Texts)

My name: _____ **Date:** _____

Question: How can we compare these texts that show they are different?

My two texts:

1. _____
2. _____

Here are some ways that texts can be different:

- The central idea or lesson
- The setting
- The problem
- The characters, people, or animals
- The way the author writes
- The kinds of details or information the author includes
- The point of view

In these two texts, here is what was different: _____.

It was different because _____

_____.

A detail that shows this is _____

_____.
