

SHARP MIDDLE SCHOOL COUNSELING PROGRAM MISSION STATEMENT

The mission of the Sharp Middle School counseling program is to help prepare every student for success in the 21st century by removing barriers to achievement for all students through empirically supported academic, career, and social/personal programming. Through the school counseling program, all students are challenged to explore their passions, interests, and talents, leading to increased engagement and continued growth. The data-driven comprehensive school counseling program collaborates with other educational stakeholders, such as teachers, administrators, parents, families, caretakers, the family resources center, and other community stakeholders to provide developmentally appropriate preventative and responsive counseling services to all students resulting in increases in achievement academically, personally, and in post-secondary college and career pursuits.
