Vignette wording:

(Alcohol dependence)

[John/Juan/Mary/Maria] is a [white/African American/Hispanic] [man/woman] with an [eighth grade/high school/college] education. During the last month [John/Juan/Mary/Maria] has started to drink more than his/her usual amount of alcohol. In fact, he/she has noticed that he/she needs to drink twice as much as he/she used to get the same effect. Several times, he/she has tried to cut down, or stop drinking, but he/she can't. Each time he/she has tried to cut down, he/she became very agitated, sweaty and he/she couldn't sleep, so he/she took another drink. His/Her family has complained that he/she is often hungover, and has become unreliable -- making plans one day, and canceling them the next.

(Major depression)

[John/Juan/Mary/Maria] is a [white/African American/Hispanic] [man/woman] with an [eighth grade/high school/college] education. For the past two weeks [John/Juan/Mary/Maria] has been feeling really down. He/She wakes up in the morning with a flat heavy feeling that sticks with him/her all day long. He/She isn't enjoying things the way he/she normally would. In fact nothing gives him/her pleasure. Even when good things happen, they don't seem to make [John/Juan/Mary/Maria] happy. He/She pushes on through his/her days, but it is really hard. The smallest tasks are difficult to accomplish. He/She finds it hard to concentrate on anything. He/She feels out of energy and out of steam. And even though [John/Juan/Mary/Maria] feels tired, when night comes he/she can't go to sleep. [John/Juan/Mary/Maria] feels pretty worthless, and very discouraged. [John's/Juan's/Mary's/Maria's] family has noticed that he/she hasn't been himself/herself for about the last month and that he/she has pulled away from them. [John/Juan/Mary/Maria] just doesn't feel like talking.

(Schizophrenia)

[John/Juan/Mary/Maria] is a [white/African American/Hispanic] [man/woman] with an [eighth grade/high school/college] education. Up until a year ago, life was pretty okay for [John/Juan/Mary/Maria]. But then, things started to change. He/She thought that people around him/her were making disapproving comments, and talking behind his/her back. [John/Juan/Mary/Maria] was convinced that people were spying on him/her and that they could hear what he/she was thinking. [John/Juan/Mary/Maria] lost his/her drive to participate in his/her usual work and family activities and retreated to his/her home, eventually spending most of his/her day in his/her room. [2006 ONWARDS: [John/Juan/Mary/Maria] became so preoccupied with what s/he was thinking that s/he skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, s/he was walking back and forth in [his/her] room.] [John/Juan/Mary/Maria] was hearing voices even though no one else was around. These voices told him/her what do and what to think. He/She has been living this way for six months.

(Drug problem) (1998)

[John/Juan/Mary/Maria] is a [white/African American/Hispanic] [man/woman] with an [eighth grade/high school/college] education. A year ago [John/Juan/Mary/Maria] sniffed cocaine for the first time with friends at a party. During the last few months he/she has been snorting it in binges that last several days at a time. He/She has lost weight and often experiences chills when binging. [John/Juan/Mary/Maria] has spent his/her savings to buy cocaine. When [John's/Juan's/Mary's/Maria's] friends try to talk about the changes they see, he/she becomes angry and storms out. Friends and family have also noticed missing possessions and suspect [John/Juan/Mary/Maria] has stolen them. He/She has tried to stop snorting cocaine, but can't. Each time he/she tries to stop he/she feels very tired, depressed and unable to sleep. He/She lost his/her job a month ago, after not showing up for work.

(Drug problem) (2018)

[John/Juan/Mary/Maria] is a [white/African American/Hispanic] [man/woman] who has completed an [eighth grade/high school/college]. About a year ago [John/Juan/Mary/Maria] was prescribed prescription pain medication for back pain s/he developed following a car accident. S/He took the pain medication regularly, and after a few weeks found that s/he increasingly felt the desire for more, even though his/her back pain had improved. [John/Juan/Mary/Maria] went to several different doctors to get more prescriptions from them and then started getting them from a friend. Each time [John/Juan/Mary/Maria] tried to cut down, s/he felt anxious and became sweaty and nauseated for hours on end and also could not sleep. These symptoms lasted until s/he resumed taking the prescription pain medication. [John/Juan/Mary/Maria]'s friends complained that s/he had become unreliable - making plans one day, and cancelling the next. His/Her family said s/he had changed and they could no longer count on him/her. [John/Juan/Mary/Maria] has been living this way for six months.

(No problem)

[John/Juan/Mary/Maria] is a [white/African American/Hispanic] [man/woman] with an [eighth grade/high school/college education]. Up until a year ago, life was pretty okay for [John/Juan/Mary/Maria]. While nothing much was going wrong in [John's/Juan's/Mary's/Maria's] life he/she sometimes feels worried, a little sad, or has trouble sleeping at night. [John/Juan/Mary/Maria] feels that at times things bother him/her more than they bother other people and that when things go wrong, he/she sometimes gets nervous or annoyed. Otherwise [John/Juan/Mary/Maria] is getting along pretty well. He/She enjoys being with other people and although [John/Juan/Mary/Maria] sometimes argues with his/her family, [John/Juan/Mary/Maria] has been getting along pretty well with his/her family.

695. Earlier, we talked about various areas of government spending. Since we've been talking about the mental health area, please indicate whether you would like to see more or less government spending in the area of mental health care. Remember that if you say "much more," it might require a tax increase to pay for it.

IF R ANSWERS BY SAYING NAME DOES NOT REQUIRE CARE, REMIND HIM/HER WE'RE NOT TALKING ABOUT NAME ANYMORE.

THE RESPONDENT HAS TO DECIDE FOR ONESELF ROUGHLY HOW MANY YEARS OF SCHOOLING HAVE BEEN DEVOTED TO SPECIALIZED TRAINING FOR ONE'S CURRENT OCCUPATION. FOR A TYPICAL COLLEGE GRADUATE, TWO YEARS HAVE BEEN DEVOTED TO GENERAL EDUCATION AND THUS NO MORE THAN TWO YEARS WOULD BE SPECIALIZED TRAINING FOR ONE'S CURRENT OCCUPATION. INSTRUCTION:

(1) If the respondent is a consultant employed by a consulting firm, the place refers to an office of the consulting firm rather than the office of a client. If the respondent is a civil servant at a local, state, or the federal government, the place is a departmental level agency (e.g. department of education, department of labor), not the entire government.

(2) The main relevant criterion for the answer is whether the work place of the respondent is just one location or a multi-location organization. If the respondent is not sure, simply record "8" as the answer. For our purposes, however, there are two special cases that can be dealt with unambiguously.

(a) If OCC suggests that a respondent is a government employee:

--The interviewer should record "part of a larger organization" (option 1) as the answer without asking the respondent.

--Moreover, substitute "other departments or agencies of the government" for "other parts of the larger organization" in subsequent questions.

--On the relationship between the respondent's work place and the larger organization (PARTORG), the answer should be recorded as "a government agency" (option 3) without asking the respondent.

(b) Similarly, if OCC indicates that a respondent is a public school teacher:

--The interviewer should record "part of a larger organization" (option 1) as the answer without asking the respondent.

--In subsequent questions, please change the wording accordingly. For instance, the interviewer should substitute "other schools of the school system" for "other parts of the larger organization."

--On the relationship between the respondent's work place and the larger organization (PARTORG), the answer should be recorded as "part of a school system" (option 4) without asking the respondent.

IF PART OF AN ORGANIZATION:

748. A. Have you ever worked full time at other parts (locations/schools/government departments or agencies) of the larger organization?

REMARKS: Hand Card FC was a graphical depiction of 14 houses surrounding "your house." Respondents were asked to fill in letters in each house to represent a most desirable racial-ethnic mix. In the sheet given to respondents, houses were empty and an A, B, H, or W was to go into the middle of each house. Here, numbers have been placed in the houses to clarify which variable pertains to which house. House #1 is NEIETH1, etc.

775. IF ATTENDED HIGH SCHOOL (EDUC), ASK IN TERMS OF "HIGH SCHOOL." IF LEFT SCHOOL BEFORE HIGH SCHOOL, ASK IN TERMS OF "THE LAST SCHOOL YOU ATTENDED."

A. Was the high school/last school you attended all white, mostly white, about half white and half other races, mostly other races, or all other races?

REMARKS: In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (Q.767A=1); and 2) ever used the Web (WEBTV=1); and 3) used the Web at least 1 hour per week (WWWHR>=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR>=4).

REMARKS: In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR >=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WEBTV=1).

840. Many people think it is important to have complete freedom of the press and news media in the United States. Others think that the press too often invades the privacy of public figures—like Senators or members of Congress by printing stories that contain personal details about their private lives. Which of the three statements on this card comes closest to your feelings about balancing freedom of the press and the right to privacy? READ STATEMENTS 1-3 ONLY. CIRCLE ONLY ONE CODE.

853. Next, I'm going to read you some descriptions of health problems people sometimes experience. Some people might go to a doctor, others might not.

A. The first description is:

Not being able to do moderate activities, such as moving a table, pushing a vacuum cleaner, bowling or playing golf?

How likely would you be to seek medical treatment—that is, see a doctor, a nurse or other health professional—for this situation?

Would you definitely go probably go, probably not go, or definitely not go?

855. As you know, when people go to doctors, they may hold different expectations of what should result from their treatment. I'm going to describe a health problem. Please tell me how much you, yourself, would expect to get each of the following:

A. Say you went to treatment because you feel downhearted and blue and this interferes with your social activities (like visiting friends, relatives, etc.)

Would you definitely expect, probably expect, probably not expect, or definitely not expect your overall quality of life to improve?

REMARKS: Vignette wording:

Imagine you've been experiencing headaches. You visit your doctor and talk to him about your symptoms. You also tell the doctor that you've been feeling a lot of stress lately. After doing a complete examination, the doctor decides that the headaches are probably due to stress. The doctor wants to work with you over the next month to reduce your stress.

You want to have an MRI to make sure everything is OK. An MRI is a special and expensive type of x-ray that allows doctors to take detailed pictures of parts of the body such as the heart, spinal cord, or head. Remember that after your complete examination the doctor thinks you don't need the MRI. Then imagine that you have the following conversation with the doctor about the MRI and financial incentives. In this dialogue, the patient speaks first.

VIGNETTE 1 - CODE 1

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: Our physician's group does have financial incentives to keep costs down by avoiding tests when they are not necessary. However, no single decision about an MRI affects my salary. In my opinion an MRI is not needed in your case.

VIGNETTE 2 - CODE 2

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: It used to be that physicians were able to provide tests for patients just to set their minds at rest. Unfortunately, your health plan won't allow me to do it for that reason. Even though I'd like to order it for you, your plan is not going to pay for it.

VIGNETTE 3 - CODE 3

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I can understand that you're worried about whether everything is OK. It also sounds like you're worried that I'm not ordering the test because it's too expensive. These days with Managed Care lots of people share your worries about this. I want to set your mind at rest because I truly do not think that the test is needed at this point.

VIGNETTE 4 - CODE 4

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I understand that you'd like an MRI to make sure that everything is OK. But based on your symptoms, I really don't think you need one. I'd like to treat you for a month or so and then talk again about whether we need an MRI. Would that be acceptable to you?

VIGNETTE 5 - CODE 5

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I've had a lot of experience taking care of patients with problems like yours. The problem you're having is really quite common. You should follow the treatment I've outlined, and then I can reevaluate the situation again in a month.

VIGNETTE 6 - CODE 6

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I usually don't order an MRI under circumstances like yours. There's no outside pressure that has made any difference in how I treat patients with headaches. You may set your mind at rest that I'm doing this because this is how I practice medicine.

863. This section is about physicians telling patients about how health insurance and managed care policies affect health care. First, I will ask you about your health care. Later, you will hear a recorded conversation between a doctor and patient and I'll ask some questions about the conversation.

Do you have a regular doctor or clinic?

REMARKS: Vignette text (See next page):

Next I'm going to describe a youth -- named (John/Mary). After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her).

ADHD vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female), (child who is 8/youth who is 14) years old. (John/Mary) has always had trouble in school, especially in completing assignments on time, even though (he/she) has average intelligence. (John/Mary)'s teachers note that (John/Mary) is very distractible, and that they often have to remind (John/Mary) to get back to the task at hand. (John/Mary) is often up and down, out of (his/her) seat, looking out the window, or talking to classmates (John/Mary) does similar things at home. (His/Her) parents notice that (he/she) easily forgets what (he/she)'s supposed to be doing, has trouble getting up in the morning and going to bed at night, and loses things like toys and games. (John/Mary) also has difficulty making and keeping friends.

Depression vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. In the last few months, (John/Mary) has been increasingly moody, staying in (his/her) room after school, and seems to have lost interest in (his/her) favorite hobbies and in friends. (John/Mary) says that (he/she) always feels very tired even though (he/she) is sleeping more than normal, and doesn't feel like eating. (John/Mary) has been having trouble concentrating on what (he/she) is doing both in school and at home, and has told (his/her) parents that "I wish I hadn't been born." One of (John/Mary)'s friends has also heard (him/her) talk about committing suicide.

Normal vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has several friends in (his/her) neighborhood that (he/she) gets together with one or two times per week, and is involved in several hobbies, including sports and music. (John/Mary) usually gets along fairly well with other kids, but occasionally has some problems with needing to have (his/her) own way or go first in games. (John/Mary) is of average intelligence and behaves appropriately at school, although (he/she) tends to be somewhat shy about participating in class. (John/Mary)'s parents note that (he/she) is sometimes moody, but this comes and goes.

Asthma vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has a history of breathing problems. (John/Mary) often has bouts of coughing at night, and doesn't sleep very well. (His/Her) parents and teachers have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall, and during strenuous sports activities. (John/Mary) used to enjoy playing soccer but recently gave it up because of these problems. (John/Mary) feels badly about (his/her) breathing problems, which seem to be getting worse, and wishes (he/she) could "be just like other kids." (John/Mary) is involved in several hobbies, including sports and music, and shares these activities with several friends.

964. First, I'd like to know what you think may be wrong (if anything) with (John/Mary).

REMARKS: Hand Card C3 contains the following: Box A shows a boat. Box B shows airplane/ truck/ car, truck, or bus. Box C is categories not shown in A or B.

In a moment, I am going to show you another card with three boxes. Again, you answer by just picking a box. The question is about immigration, but it does not “zero in” on anything that people might not want to tell us. Here’s the card— which I need to explain before you answer.

As you can see, Box A at the top shows the immigration card for permanent legal residence in the United States; it is also called a “green card.” It is an official valid card issued to you by the United States government. Box B shows some drawings for U.S. citizen and other immigration categories; I would be happy to explain these if you like. Box C is for categories not listed in A or B.

1006. Thinking of your current immigration status right now, is that in Box A, B, or C? If it’s in Box B, we do not want to know which specific category applies to you, and there will be no more questions about Box B. (IF RESPONDENT ASKS WHY, SAY: Because right now we are focusing on Box A.)

A	B	C
Legal permanent resident With a valid and official green card issued to me by the U.S. government	United States Citizen Student, work, or tourist visa Undocumented I do not have my own valid official green card Refugee or asylee Without a green card	Some other category Not in Box A or Box B

**The 2004 Topical Module: Altruistic Love
(AGAPE1-AGAPE4)**

Some of the following items refer to a specific love relationship, while other refer to general attitudes and beliefs about love. Whenever possible, answer the questions with your current partner in mind. If you do not have a current partner, answer the question with your most recent partner in mind. If you have never been in love, answer in terms of what you think your response would most likely be.

1020. Do you agree strongly, agree somewhat, neither agree nor disagree, disagree somewhat, or strongly disagree with the following statements?

For questions ALLOFLFE-GODCLOSE:

The list that follows includes items you may or may not experience. Please consider if and how often you have these experiences, and try to disregard whether you feel you should or should not have them. A number of items use the word 'God.' If this word is not a comfortable one, please substitute another idea that calls to mind the divine or holy for you.

You may experience the following in your daily life. If so how often?

1035. Experience a connection to all of life

1048. Now I would like to ask you some questions about your use of alcoholic beverages during the last 12 months. How often did you have 6 or more drinks of wine, beer, or liquor in a single day? (REFERENCES AS NEEDED: that would be a bottle or more of wine/more than 2 quarts of beer/a half pint or more of liquor.)

REMARKS: There are a small number of inconsistent responses to the preceding items on alcohol consumption during the last year (e.g. reporting drinking 1-3 times a year on DRINKYR and drinking 4 or more times on DRINK6UP). These have been retained so researchers can examine these discrepancies. The next few questions are about how much wine, beer, and liquor you may have had during the last 12 months. When we say one drink, we mean a can, bottle, or glass of beer; a glass of wine, or any drink containing liquor of any kind. Hand Card F1 contained responses 1-8. This question was asked only to women respondents.

1049. Think of all kinds of alcoholic beverages combined, that is, any combination of cans, bottles or glasses of beer; glasses of wine; or drinks containing liquor of any kind. During the last 12 months, what is the largest number of drinks you had on any single day? Was it:

**The 2006 Topical Module: Science, Knowledge About and Attitudes Towards
(NEWSFROM-NANOWILL)**

The questions in this module were asked on ballots B & C. However, a split-version format was used for some sections, depending on the year.
HSBIO-MEDAGRSC were asked only to Form 2, and MEDINFSC-GMMED were asked only to Form 1.

1070. Now, please think about this situation. Two scientists want to know if a certain drug is effective against high blood pressure. The first scientist wants to give the drug to one thousand people with high blood pressure and see how many of them experience lower blood pressure levels. The second scientist wants to give the drug to five hundred people with high blood pressure, and not give the drug to another five hundred people with high blood pressure, and see how many in both groups experience lower blood pressure levels. Which is the better way to test this drug?

The next few items concern some public issues.

1083. The first issue is global warming. Global warming means a trend toward warmer temperatures throughout the world, with more extreme weather in many places and changes in food production that could affect our way of life. Some people believe that the burning of gasoline and other fossil fuels causes global warming. Others say that global warming has purely natural causes.

1088. Here is another public issue: research that uses human embryonic stem cells. These are cells from human embryos that can develop into many different types of tissue. Some say that cells taken from human embryos are uniquely valuable in medical research. Others say that the same discoveries can be made without destroying living embryos.

1093. The first issue is federal income taxes. Some people say that reducing income taxes almost always helps the economy grow. Others say that reducing income taxes has very little long-term impact on economic growth but could cause a big increase in the deficit. Please look at Card B10. (On a scale of 1 to 5, where 1 means “Very Well” and 5 means “Not at All”), how well do the following groups understand the likely effects of reducing federal income taxes?

REMARKS: Hand Card B14 contains responses 1-5.

1097. Here is another public issue: genetically modified foods. Genetically modified foods come from plants or animals whose characteristics have been changed by the alteration, addition, or deletion of DNA in their genetic material using advanced laboratory techniques.

Some say that genetically modified foods are unsafe and pose risks for human health. Others say that they are safe and necessary to reduce world hunger. Please look at Card B15. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means "Not at All"), how well do the following groups understand the risks posed by genetically modified foods?

INSTRUCTION: IF ASKED WHAT "ADVANCED LABORATORY TECHNIQUES" MEANS: This typically involves "recombinant DNA" or "gene splicing," in which genetic material from one organism is inserted into the genes of another. Sometimes, the two organisms are members of different species.

REMARKS: Hand Card B22 contains responses 1-4.

1105. 2007-2008 has been designated the International Polar Year. During this year, many scientific and educational organizations will be making efforts to increase public awareness of the Earth's polar regions. These organizations hope that people will learn more about the people and animals that live near the poles, the changes taking place in the environment there, and new scientific discoveries about the Arctic and the Antarctic. Still looking at Card B22, do you think you would be very likely, somewhat likely, somewhat unlikely, or very unlikely to...

REMARKS: Hand Card B22 contains response 1-4.

1106. The next few questions are about the Arctic and the Antarctic. The Arctic is the region around the North Pole; Antarctic is the region that contains the South Pole. These questions are like ones you might see on a television game show. If you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW"

REMARKS: Hand Card B23 contains response 1-5.

1108. Please look at Card B24. Scientists predict that global warming may soon have big effects on the polar regions. I will describe some of these possible effects and, for each one, please say whether it would bother you a great deal, some, a little, or not at all if it actually happened.

HAND CARD B24

A. By 2020, polar bears may become extinct.

1110. Here are a couple of true-false questions about nanotechnology. As before, if you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW."

- A. Nanotechnology involves manipulating extremely small units of matter, such as individual atoms, in order to produce better materials. (Is that true or false?)

1111. A. Nanotechnology works at the molecular level atom by atom to build new structures, materials, and machines. Section F: NEW SCIENCE ITEMS

Now, we are going to do some more detailed questions on science and technology. Scientists and educators are interested in how familiar adults are with the things being taught in today's schools. Many of these questions are likely to concern things that weren't taught or emphasized when you were in school.

Some of the questions involve pictures or graphs.

SELF-ADMINISTERED CONDITION ONLY: You may not know the answer to every question. Just hit the [F7] key to move onto the next question. When you are ready, please ask the interviewer for the cards with the pictures.

1146. As part of a laboratory experiment, five students measured the weight of the same leaf four times. They recorded 20 slightly different weights. All of the work was done carefully and correctly. Their goal was to be as accurate as possible and reduce error in the experiment to a minimum. Which of the following is the best method to report the weight of the leaf?

1150. Here's another public issue: nuclear power. Nuclear power uses the energy of the atom to generate electricity. Some people say that nuclear power is a safe option to meet the energy needs of the United States without burning fossil fuels such as coal, oil, or natural gas. Others are concerned about potential risks in the operation of nuclear plants and about the disposal of nuclear waste. Please look at Card E13. IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at \$10 means that you can purchase your company stock for \$10 anytime over ten years. A stock option does not include a plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

REMARKS: This item was not asked to respondents. It was a preloaded item used to drive skips in a module.

I'm going to ask you some questions about all the people that you are acquainted with, meaning that you know their name and would stop and talk at least for a moment if you ran into the person on the street or in a shopping mall. Some of these questions may seem unusual but they are an important way to help us understand more about social networks in America. Please answer the questions as best you can.

**The 2006 Topical Module: Mental Health IV
(VIGVERMY-MHSYMP)**

REMARKS: Vignette text:

First, I'm going to describe a person, let's call (him/her) [Tyrone/John/Shontell/Mary]. After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her). There are no right-or-wrong answers. I'm only interested in what you think of [Tyrone/John/Shontell/Mary].

M1VIG1

Tyrone is a black man. For the last several weeks **Tyrone** has been feeling really down. He wakes up in the morning with a sad mood and heavy feeling that sticks with him all day long. He isn't enjoying things the way he normally would. In fact nothing seems to give him pleasure. Even when good things happen, they don't seem to make **Tyrone** happy. The smallest tasks are difficult to accomplish. He finds it hard to concentrate on anything. He feels out of energy, out of steam and cannot do things he usually does. And even though **Tyrone** feels tired, when night comes he can't go to sleep. **Tyrone** feels pretty worthless, very discouraged, and guilty. **Tyrone's** family has noticed that he has lost appetite and weight. He has pulled away from them and just doesn't feel like talking.

M1VIG2

John is a **white man**. For the last several weeks **John** has been feeling really down. He wakes up in the morning with a sad mood and heavy feeling that sticks with him all day long. He isn't enjoying things the way he normally would. In fact nothing seems to give him pleasure. Even when good things happen, they don't seem to make **John** happy. The smallest tasks are difficult to accomplish. He finds it hard to concentrate on anything. He feels out of energy, out of steam and cannot do things he usually does. And even though **John** feels tired, when night comes he can't go to sleep. **John** feels pretty worthless, very discouraged, and guilty. **John's** family has noticed that he has lost appetite and weight. He has pulled away from them and just doesn't feel like talking.

M1VIG3

Shontell is a **black woman**. For the last several weeks **Shontell** has been feeling really down. She wakes up in the morning with a sad mood and heavy feeling that sticks with her all day long. She isn't enjoying things the way she normally would. In fact nothing seems to give her pleasure. Even when good things happen, they don't seem to make **Shontell** happy. The smallest tasks are difficult to accomplish. She finds it hard to concentrate on anything. She feels out of energy, out of steam and cannot do things she usually does. And even though **Shontell** feels tired, when night comes she can't go to sleep. **Shontell** feels pretty worthless, very discouraged, and guilty. **Shontell's** family has noticed that she has lost appetite and weight. She has pulled away from them and just doesn't feel like talking.

M1VIG4

Mary is a **white woman**. For the last several weeks **Mary** has been feeling really down. She wakes up in the morning with a sad mood and heavy feeling that sticks with her all day long. She isn't enjoying things the way she normally would. In fact nothing seems to give her pleasure. Even when good things happen, they don't seem to make **Mary** happy. The smallest tasks are difficult to accomplish. She finds it hard to concentrate on anything. She feels out of energy, out of steam and cannot do things she usually does. And even though **Mary** feels tired, when night comes she can't go to sleep. **Mary** feels pretty worthless, very discouraged, and guilty. **Mary's** family has noticed that she has lost appetite and weight. She has pulled away from them and just doesn't feel like talking.

M1VIG5

Tyrone is a **black man**. Up until a year ago, life was pretty okay for **Tyrone**. But then, things started to change. He thought that people around him were making disapproving comments, and talking behind his back. **Tyrone** was convinced that people were spying on him and that they could hear what he was thinking. **Tyrone** lost his drive to participate in his usual work and family activities and retreated to his home, eventually spending most of his time on his own. **Tyrone** became so preoccupied with what he was thinking that he skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, he was walking back and forth at home. **Tyrone** was hearing voices even though no one else was around. These voices told him what to do and what to think. He has been living this way for six months.

M1VIG6

John is a **white man**. Up until a year ago, life was pretty okay for **John**. But then, things started to change. He thought that people around him were making disapproving comments, and talking behind his back. **John** was convinced that people were spying on him and that they could hear what he was thinking. **John** lost his drive to participate in his usual work and family activities and retreated to his home, eventually spending most of his time on his own. **John** became so preoccupied with what he was thinking that he skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, he was walking back and forth at home. **John** was hearing voices even though no one else was around. These voices told him what to do and what to think. He has been living this way for six months.

M1VIG7

Shontell is a **black woman**. Up until a year ago, life was pretty okay for **Shontell**. But then, things started to change. She thought that people around her were making disapproving comments, and talking behind her back. **Shontell** was convinced that people were spying on her and that they could hear what she was thinking. **Shontell** lost her drive to participate in her usual work and family activities and retreated to her home, eventually spending most of her time on her own. **Shontell** became so preoccupied with what she was thinking that she skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, she was walking back and forth at home. **Shontell** was hearing voices even though no one else was around. These voices told her what to do and what to think. She has been living this way for six months.

M1VIG8

Mary is a **white woman**. Up until a year ago, life was pretty okay for **Mary**. But then, things started to change. She thought that people around her were making disapproving comments, and talking behind her back. **Mary** was convinced that people were spying on her and that they could hear what she was thinking. **Mary** lost her drive to participate in her usual work and family activities and retreated to her home, eventually spending most of her time on her own. **Mary** became so preoccupied with what she was thinking that she skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, she was walking back and forth at home. **Mary** was hearing voices even though no one else was around. These voices told her what to do and what to think. She has been living this way for six months.

M1VIG9

Tyrone is a **black man**. **Tyrone** has a history of breathing problems. **Tyrone** often has bouts of coughing at night, and doesn't sleep very well. His family and friends have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall and during strenuous activities. **Tyrone** used to enjoy playing tennis but recently gave it up because of these problems. **Tyrone** feels badly about his breathing problems, which seem to be getting worse, and wishes he could "be just like everyone else." **Tyrone** is involved in several activities and hobbies, and shares these activities with several friends.

M1VIG10

John is a **white man**. **John** has a history of breathing problems. **John** often has bouts of coughing at night, and doesn't sleep very well. His family and friends have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall, and during strenuous activities. **John** used to enjoy playing tennis but recently gave it up because of these problems. **John** feels badly about his breathing problems, which seem to be getting worse, and wishes he could "be just like everyone else." **John** is involved in several activities and hobbies, and shares these activities with several friends.

**The 2008 Topical Module: Terrorism Preparedness
(DONE911A-OTHPLAN)**

Community-wide disasters happen, and these happen for a variety of reasons, such as acts of nature, terrorism, industrial accidents, and other causes.

1265. Do you know anyone who has done any of the following things because of terrorism since September 11th, 2001?)

Have you, or anyone you know developed emergency plans (evacuation, meeting places)?

1408. In the first part of this questionnaire, we would like to ask you about your family and friends. For example, about how often you see or visit them, and when you turn to them for help or advice.

We would like to begin with your brothers and sisters. How many adult brothers and/or sisters - we mean brothers or sisters who are age 18 and older - do you have? (We mean brothers and sisters who are still alive. Please include step-brothers and -sisters, half-brothers and sisters and adopted brothers and sisters)

If you have no ADULT brothers or sisters, enter '0'.

Here is a list of jobs that people you know may have. These people could be family or relatives, close friends or someone else you know.
By "knowing" a person, we mean that you know him/her by name and well enough to contact him/her.

If you know several people who have a job from those I'll mention, please answer for the person who you feel closest to. Each of these jobs could be held by a woman or a man.

1440. Do you know a woman or a man who is...

A. A bus driver?

REMARKS: See Appendix N for across survey changes.

1468. We would like to know what you think people in these jobs actually earn. Please write in how much you think they usually earn, each year, before taxes. Many people are not exactly sure about this but your best guess will be close enough. This may be difficult, but it is very important. So please try. Please write in how much they actually earn each year.

A. First, about how much do you think a bricklayer earns?

REMARKS: This variable appeared in 1987, 1993, 1994, 1996, 2000, 2008, and 2010. See EQINCOME for similar question. This question was self-administered before 2008; it has since been administered by interviewers. From 1987 through 2000, the category "Can't choose" appeared on the questionnaire; since 2008, "Don't know" has been used instead. In 1996 and 2010, responses used on the questionnaire were "Agree strongly" and "Disagree strongly" instead of "Strongly agree" and "Strongly disagree". In 2010, due to a programming error, DKs and NAs were not separately coded; they were later separated based on the pattern of responses to adjoining questions.

- C. The government should provide more chances for children from poor families to go to college.
