A9 Alabama

Table 337. Fraud and Identity Theft--Consumer Complaints by State: 2010

[Rate per 100,000 population. As of December 31. Based on 2010 U.S. Census results. The Consumer Sentinel Network (CSN) is a secure online database of consumer complaints available only to law enforcement. Based on unverified complaints reported by consumers. Excludes complaints outside of the United States and excludes North Carolina Department of Justice, Idaho and Mississippi Attorneys General, and the Minnesota Department of Public Safety]

State	Fraud and other complaints \1		Identity theft victims \1	
	Number	Rate	Number	Rate
United States	1,088,411 <sup>r</sup>	352.5	250,854	81.2
Alabama	13,457	281.5	3,339	69.9
Alaska	2,731	384.5	342	48.2
Arizona	23,999	375.5	6,549	102.5
Arkansas	6,712	230.2	1,667	57.2
California	124,072	333.0	38,148	102.4
Colorado	21,012	417.8	3,961	78.8
Connecticut	10,054	281.3	2,330	65.2
Delaware	3,255	362.5	664	73.9
District of Columbia	3,374	560.7	923	153.4
Florida	70,858	376.9	21,581	114.8
Georgia	31,225	322.3	9,404	97.1
Hawaii	4,479	329.3	589	43.3
Idaho	4,674	298.2	729	46.5
Illinois	37,691	293.8	10,345	80.6
Indiana	17,962	277.0	3,560	54.9

1. Select/copy a rectangular data frame of columns and rows. Shown here: Each case has a state name, fraud number, fraud rate, ID theft number, and ID theft rate.
